TRAVEL INFORMATION

Guests typically overnight at the Courtyard Marriott Cancún Airport Hotel prior to the charter flight departure. While the hotel offers a complimentary airport shuttle, many guests prefer taking a taxi for convenience and reduced waiting times. Please note that the scheduled transfer provided by Beh Kay operates exclusively between the Courtyard Marriott and the private aviation terminal. Guests choosing to stay at alternate hotels are responsible for arranging their own transportation to the Courtyard Marriott prior to departure, as transfer vehicles cannot accommodate multiple hotel stops. For this reason, the vast majority of Beh Kay guests choose to stay at the Courtyard Marriott on arrival night. We recommend booking return flights departing no earlier than 2:00 PM on departure day.

INCLUDED

Included as part of the fishing package are the scheduled transfers between the Courtyard Marriott Cancún Airport Hotel and the private aviation terminal, as well as return transfers from the charter terminal back to Cancún International Airport (CUN) or the Courtyard Marriott on departure day. Also included are the private charter flights to and from the Sian Ka'an Biosphere Reserve, all ground transfers between the Pulticlub airstrip and Beh Kay Lodge, lodging accommodations, all meals and beverages including open bar, professional guide services, loaner fishing equipment (rods, reels, and fly lines), wireless internet, and Mexican VAT tax.

NOT INCLUDED

Commercial airfare to Cancún (CUN) and the overnight hotel stay in Cancún prior to arrival at the lodge are not included. Transfers from Cancún Airport to the hotel upon arrival are also not provided. Fishing licenses and permits ($100 per person), travel insurance, specialty alcoholic beverages outside of the lodge's open bar, guide and staff gratuities, flies, laundry service, personal insurance, baggage insurance, items of a personal nature, and costs associated with itinerary changes requested by the guest are also not included.

PRIVATE CHARTER FLIGHT POLICY

The private charter flights operate on a strict Thursday-to-Thursday schedule and cannot be adjusted. Because incoming and outgoing groups share the same aircraft rotation, delays or schedule changes would impact both arriving and departing guests. The inbound charter departs Cancún early Sunday morning, allowing the outgoing group to return to Cancún in time to connect with afternoon commercial flights home the very same day. For this reason, all arriving guests are required to arrive in Cancún one day prior to the charter departure and overnight near the airport to ensure the flight departs on schedule the following morning.

* Rates are in USD per person. All Beh Kay Lodge fishing weeks run Thursday to Thursday
When available, guests can sleep single at $ 100.00 p/room p/night.
